

**maruman®**

**Made in Japan**

We Maruman are one of the leading paper converters in Japan for both stationery and art material fields. Since our company was founded in 1920, we have been developing and producing notebooks, sketchbooks, binders, loose leaf refills and report pads.

We are especially dedicated in quality of our products and all of them are produced by our own factories in Japan. We have been supplying these stationery and art materials for more than 90 years in over 20 countries and regions across the world.

Maruman products support your creativity.  
Whenever you want to write or draw, Maruman is by your side  
Notebook, binders, memo pads, sketchbook...  
Maruman offers a wide range of quality products that meet every user's need.

**Try the finest paper surface ever!**
